

# MAGS/DMC Field Trip to Sugar Creek

*March 29, 2014*

On March 29 MAGS hosted a Dixie Mineral Council field trip to Sugar Creek. About 60 people made the trip, some from hundreds of miles away. The weather could have cooperated more but we all had a good time. Thanks, Charles and W. C., for making this a really good event.

# MAGS/DMC Field Trip to Sugar Creek

After hunting in the creek for hours, attendees were offered snacks provided by MAGS.

MAGS gave prizes for various categories of finds. One of those prizes was the beautiful piece of petrified wood—found on Sugar Creek—that you saw pictured above. Also, MAGS presented the property owner with a thank-you gift (pictured below).
